AEHA

Providing
continuing
education to
enhance skills
while promoting
high standards,
professionalism
and cooperation
among
government,
industry and
academia in
environmentally
related areas.

Our Mission

PROVIDE EDUCATION...

The AEHA provides continuing education and training to environmental professionals. Speakers present information on timely and relevant topics to AEHA members at regularly scheduled Chapter meetings.

The AEHA also sponsors an Annual Education Conference. The conference is conducted at scenic locales around the State. The conference allows environmental health professionals to gain knowledge about a wide range of environmentally related topics. The setting also promotes camaraderie and the sharing of ideas and experiences among professionals throughout Alabama.

ENCOURAGE COOPERATION...

Many of the speakers involved in the Annual Education Conference are professionals from private industry and various state agencies related to the environmental field. Representatives from industry and agencies exhibit their products or services during the conference.

PROMOTE OUR PROFESSION...

Each year the AEHA awards a one-thousand dollar scholarship to a deserving student. The student must be a college junior or senior and be in a course of study related to the environmental field. The scholarship may be used in any way by the student to help with education expenses.

RECOGNIZE EXCELLENCE...

Two awards are presented by the AEHA to members each year. The *Ansel C. Mullins Award* is given in honor of it's namesake, a founding member of the organization and an outstanding professional in the environmental field. This award is given to a member with 5 or less years experience who has distinguished himself or herself in the field of environmental health. The *Environmentalist of the Year Award* is presented to a member with over 5 years experience in the environmental health field who has made outstanding contributions to the environmental health profession.

CONTACT US...

The AEHA welcomes you to become a part of our organization. We look forward to the interjection of new ideas and individuals.
