Public Health and Disasters Comes to Utah

May 10-13, 2015 PARK CITY MARRIOTT PARK CITY, UTAH

Public Health Professional Education is a continuing education program designed by the Division of Public Health at the University of Utah. The Public Health and Disasters conference is designed for all members of public health agencies and organizations to learn about funding, collaboration, safety training, first responder work, and various other topics. The Conference will provide public health professionals with an opportunity to exchange ideas and concepts to improve emergency preparedness in their local community.
